

## Arcade Game Construction Kit™

### User's Manual Addenda

**IMPORTANT:** We suggest that you make backup, working copies of Labyrinth Master and both sides of the AGCK Library Disk, and then write protect the original disks. This will prevent any chance of losing the data on your original disks. (You must use a normal disk copy utility - NOT a bit copier.)

Page 8; paragraph B.:

After selecting the "AGCK TUTORIAL", you must either press the F1 key on your keyboard or click on the "Done" button (in the upper left corner of the pop-up window). This action will initiate the copying process.

Pages 18 and 21:

When you select the PLAY or DISK UTILITIES menu options and wish to use the AGCK Library Disk as your source disk, you must either press the F1 key or click on the "Done" button to initiate the loading or copying process once you have selected the game you wish to use.

For more information about pop-up windows, use of the Function keys, and the AGCK user interface in general, please see page 22 of the User's Manual.
