Apple II+, IIe, and IIc Computers*

ART LIBRARY II is a collection of new graphics for use with the GREETING CARD, SIGNS and BANNERS, and CALENDARS AND STATIONERY PrintWare software programs.

To use ART LIBRARY graphics, you must first load your PrintWare program. Then, whenever the "Choose Graphic Menu" is displayed, take out your program disk and replace it with your ART LIBRARY disk. Then select the "Another Disk" option and press **ENTER**. The program will prompt you when to put the PrintWare disk back in the drive.

On the following pages you will find pictures of all of the graphics available on the ART LIBRARY II disk.

Tower of Pisa

Eiffel Tower

Hood

Hacker

I Forget

Over the Edge

Knockout

Whoops!
