**The Matrix program gives
your C-128 capabilities
you could only dream about before!**

One..... **MATRIX** lets you use these powerful C-128 features with your existing C-64 software.

- 80 Column Screen.
- Numeric keypad and utility keys.
- Runs twice as fast at 2 MHz.

Two..... **MATRIX** gives you these new C-64 mode capabilities:

- **Transparent** disk utilities, including:
 - Full feature Sector Editor with bad sector editing and correction.
 - 10 second disk formatting.
 - Directory list, and much more.
- Transparent screen dump at any time.
- Fast loaders - load programs 500% faster.

Three... **MATRIX** provides new and powerful utilities such as:

- Directory Manager for editing of 1541, 1571 or other compatible disk directories.
- Fast Copiers that will copy single or double sided disks in 1 to 4 minutes.
- Autoboot Makers will allow your C-64 and C-128 programs to load and run themselves on power up.
