# TEXT-PRO II Word Processor & DATA-PRO II Data Base System

COMMODORE® 64/128™  
ATARI® 800/800XL/1200™

## TEXT-PRO II Word Processor

Designed to immediately produce letters and reports, **TextPro's Cache** memory and ability to **Caravan**-print disk files provide for ambitious writing projects. Send a letter to everyone on the address list and write disks-full of manuscript. Clustered editing and command keys combined with menus control the following features:

- 1.) Word-wrap
- 2.) 80 char. text line
- 3.) Page & cursor controls
- 4.) Format page & text
  - Set Tabs & Margins
  - Line centering
- 5.) Edit features:
  - Typeover
  - Auto-insert
  - Char. & block delete
  - Char. & block insert
  - Line delete & insert
- 6.) With **Cache** memory:
  - Move & copy text
  - Mass-mail a letter
  - Page headers
- 7.) Find and replace text
- 8.) Print-time features:
  - Print immediate
  - Right-justify
  - Selectable emphasis
  - STOP print
  - Standard-page size
  - Use popular printers
- 9.) **Caravan** files:
  - Print manuscripts
  - Batch-print
- 10.) File management:
  - Format disks
  - Save & Load files
  - Scratch files
  - Back-up disks

## DATA-PRO II Data Base System

Designed to replace any card index or filing system. Includes powerful search and match facilities allowing user to retrieve all personal records, names, addresses, telephone numbers, references, recipes, portfolios, etc., at the touch of a button. Menu driven with the following options:

- 1.) Create New File
- 2.) Read Old File
- 3.) Add a Record
- 4.) Amend a Record
- 5.) Delete a Record
- 6.) Save File
- 7.) Sort File
- 8.) Print Records
- 9.) Search File (including direct, within limits, global or relational search)
- 10.) Total Fields
- 11.) Memory Check

For use with:  
Commodore® 64/128™  
Atari® 800/800XL/1200™  
Personal Computer Systems
