## THE DATABASE MANAGER THE PRODUCTIVITY SERIES

Use The Database Manager to keep track of information about people, places, dates and events. Use it for mailing lists, recipes, purchase records, and more. The Database Manager is a quick way to file, sort, display, edit and print information without any programming.

**Requirements:** Commodore 64/128

**Start Up Instructions:** (1) Turn on the computer, (2) turn on the Disk Drive, (3) put your program disk in your disk drive, (4) type LOAD "", 8 then press the return key, (5) type RUN, then press the return key. A Menu will now appear on the screen. Simply type the number of the desired program, and then press the return key. Loading instructions are on the back of the disk. You may also load the instructions with the above commands.

**Note:** If you have a Commodore 128 you must be in 64 mode. To get in 64 mode, insert this step after step 3. Type GO 64, press the return key. The computer will respond with ARE YOU SURE? Type a Y, press the return key. Now continue with step 4.
