Dear Ms. Lockwood:
It's that time of year again! We are in the midst of our annual fund-raising drive, and we need your help. Our goal this year is \$500,000 and we're almost halfway there. Your contribution is needed to reach our final figure.

As a new member, you may not be aware of just where your contributory dollar will go. The Grace Health Association provides care and nursing services to the elderly who prefer to remain in their homes, as well as supporting nursing facilities in this community. We also contribute to the children's hospital cancer fund, which in part allocates funds so that the parents of young cancer patients can stay for free in the adjacent hotel. We are presently working toward establishing a health center to serve the community as a whole, making health care accessible to all who live here.

These are only some of the ways in which the Grace Health Association helps you and members like you. There is so much more we can do for you. Please help us reach our goal of \$500,000 by contributing to The Grace Association. Thank you for your contribution.
