

TRANSOM
1/4"

A technical drawing of a transom, which is a horizontal structural member. It is shown as a trapezoidal shape with a flat top and a pointed bottom. The drawing is a simple line outline.

INNER TRANSOM
1/8"

A technical drawing of an inner transom, similar to the one above but with a shallower depth. It features two vertical rectangular supports on its inner side, one on each side of the center. The drawing is a simple line outline.
